

EFFECTIVE JANUARY 1, 2022

Virginia Chapter

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

NEW VACCINE REQUIREMENT

VIIS

Virginia Immunization Information System

Virginia law defined in **§32.1-127.1:03** requires that all health care providers in the Commonwealth that administer immunizations, report such patient immunization information to the Virginia Immunization Information System (VIIS) pursuant to **§32.1-46.01**. This requirement goes into effect **January 1, 2022**

The **Virginia Immunization Information System (VIIS)** functions as the statewide immunization registry and plays an invaluable role in immunization data collection. For years it has provided data on immunization rates in Virginia and stored immunization records.
